### [Intro]

G F C G G D C

### [Verse]

G D Em C  
They packed up all his buckles, and shipped his saddle to his dad

G Em A7 D  
And by the way the house looked, she must have took it bad

G C G C  
The workers come on Monday, to fix the door and patch the wall

G D Em D C  
They say she just went crazy, the night she got the call

G D Em C  
He was up in Wyoming, and drew a bull no man could ride

G Em A7 D  
He promised her he'd turn out, well it turned out that he lied

G C G C  
And all the dreams that they'd been livin', in the California sand

Em D C  
Died right there beside him, in Cheyenne

### [Chorus]

C G D G  
They say she just went crazy, screamin' out his name

C G Em D C  
She ran out into the ocean, and to this day they claim

G F C G  
That if you go down by the water, you'll see her footprints in the sand

D C  
'Cause every night she walks, the beaches of Cheyenne

### [Instrumental]

G F C G G D C

### [Verse]

G D Em C  
They never found her body, just her diary by the bed

G Em A7 D  
It told about the fight they had, and the words that she had said

G C G C  
When he told her he was ridin', she said then I don't give a damn

Em D C  
If you never come back from Cheyenne

**[Chorus]**

C                    G    D                                    G  
Nobody can explain it, Some say she's still alive

C                                    G                                    Em                                    D C  
They'd even claim they've seen her, on the shoreline late at night

                  G                    F                                    C                                    G  
So if you go down by the water, you'll see her footprints in the sand

  D                                    C  
'Cause every night she walks, the beaches of Cheyenne

                  G                                    D                                    C                    G C    G C    G C  
'Cause every night she walks, the beaches of Cheyenne
